

Congratulations to our January 2010
Employee of the Month

Pamela Thornton

Business Office

Pamela demonstrates what we are looking for in top performing team members of our health department. We commend her on her enthusiasm and hard work.

Pamela **makes a point** by having a 99% above average training evaluation rate. She **makes it happen** by helping others, stepping up and taking on the job of the Account Manager for the Cell Phone Verification System (CPVS). Pamela **makes it personal** by creating a PowerPoint and developing cheat sheets for executing the CPVS. Pamela has proven her expertise in travel, and on several occasions gone out of her way to assist with the process of filling out the forms for staff and vendors. This shows she **makes a difference**. All while doing her everyday work. Pamela **makes a partnership** by persevering and meeting the requirements for the development and implementation of the CPVS system by overcoming several hindrances and being in constant contact with Tallahassee. These are only a few examples.

These values are the foundation of leadership regardless of position or title in our health department. This is how we will be "Building a Healthier Future for Our Community".
